the use of microcrystals to harmonize the energies of body, mind, and environment; the healing effects of ozone and hydrogen peroxide therapy; ways to combat electromagnetic fields and environmental toxins; sources of disruptive energy that cause stress and health problems, including other people's negative emotions; and how to tap in to healing antioxidant electrons from the Earth. The book reveals the scientifically proven health risks of genetically modified foods--the first irreversible technology in human history with still unknown consequences. It looks at the link between industrial farming and the precipitous rise in heart disease, cancer, diabetes, and Alzheimer's over the past 100 years, providing a 10-point Low-Toxin Program to reduce your risk. It explores the cancer-curing electromedicine of Royal Raymond Rife and its suppression by the medical establishment as well as Nobel laureate Albert Szent-Györgi's follow-up discovery of Frequency Therapy. Offering a window into the holistic future of medicine, the book shows the body not simply as a biological machine to be patched and repaired but as a living organism made up of cells dynamically linked to their inner and outer environments.

Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe. We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing. Insights from quantum physics suggest that the basis of our physical world is actually mental-conscious thoughts. Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness. All strongly hint that spirituality is the underlying source of everything. Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics, cosmology, biology, psychology, disease and healing, death, near-death experiences, reincarnation experiences, and those occurring in spiritual hypnosis on the nature of the spiritual realm. New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe. Ninety-five percent of the universe's energy and mass are a mystery to scientists, and for the moment, we resort to naming them dark matter and dark energy. The last time a comparable knowledge revolution occurred was

in the late sixteenth century when astronomers determined that the planets revolved around the sun, not the earth. Historians call it the Copernican Revolution because it led to modern Western science. From one perspective, the new era predicted in this book—a revolution in its own right—can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe. An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit (our soul aspect) and non-physical realities. Until now, this emerging knowledge has not been organized into a coherent and comprehensive structure. *Frontiers of Knowledge* provides the first outline of this new structure of reality.

The Power of Love, Living From Our Hearts is the first in a series of books designed to elevate an individual into a state of awareness. It is a transformational process of our choosing to use our conscious awareness in each moment to come from love instead of fear. The purpose of this book is to assist in remembering the truth of our magnificence. This process occurs by becoming self-realized: The self-realization that we create our reality through our thoughts, words,

and actions. When our mental, emotional, and physical bodies align with unlimited love, there is no lack or self-imposed limitations. Everything is possible. The function of this book is to provide spiritual information with effective practical tools. The information demonstrates how to integrate a spiritual life style within a successful current reality. It bridges the gap between religious and non-religious individuals. This book contains seven Universal Truths and several practical tools successfully applied by many clients, family members and other professionals, along with my personal journey of self-discovery. Tremendous wisdom is gained learning from many of life's challenges, such as morbid obesity (weighing at one point 428 lbs.), financial bankruptcy, childrearing as a result of sibling death, and divorce.

Divinely Touched is a story of personal transformation. It chronicles Mary's spiritual awakening, how she was divinely saved, led, and transformed. From the depths of depression, from battles with physical ailments for which the medical profession had no explanations, from being led into worlds she never knew existed, she survived being taken to the underworld. She was guided and healed by light workers, shamans, and avatars from this world and the spirit dimension and led on a journey of personal, physical, mental, and spiritual healing.

Mary's experience, like that of a caterpillar when transformed into a beautiful butterfly, is one that will inspire, enlighten, and transform your life as well. Dr. Dave uses science, research, and "knowledge of the ages" to explain what Mary experienced and open worlds to the reader that they may never have imagined. *Divinely Touched: Transform Your Life* can, in fact, do just that. "With painstaking detail, Mary describes her descent into darkness and her triumphant return. Like Margaret Starbird, in *The Goddess in the Gospels*, who also has a spiritual awakening that took her into the realms of psychosis, Mary describes a similar personal descent into darkness before bursting forth into spiritual awareness. Inside you will find a compelling story that may help you or someone you love." —Maureen St. Germain, author of *Beyond the Flower of Life & You Are the Genie in the Bottle* "The world is waiting for this powerful story of good vs. evil. Mary's story is amazing, compelling, eye-opening, and courageous. Her faith has carried her through the darkness into the light. She is God's instrument and truly a living expression of divine light flowing forth into the world. *Divinely Touched* is a must-read, and you won't want to put it down. It will blow your mind!" —Pat Hastings, Author of *Simply a Woman of Faith: How to Live in Spiritual Power and Transform Your Life* "Mary's amazing story will capture your interest and touch your heart. You will be inspired to move forward on

your own journey of awakening." –Andrew Oser, author of *How Alternation Can Change Your Life; Finding the Rhythms of Health and Happiness* "Divinely Touched is a wonderful book that documents an impassioned and heartfelt account of the pitfalls and triumphs of personal awakening." –Dr. Michael Sharp, author of *The Great Awakening, The Book of Light, The Book of Love, The Dossier of Ascension*

Humanity is well on its way in embracing the path of enlightenment. We have rejected the doomsday prophecies for earth and have taken back our power to create a more loving world. We have the choice to change what has not worked and to create a new reality on earth. There is no predestination—only our agreement to experience what we have manifested. In the year 2012, we are told that humanity has the potential of shifting to higher dimensions of thought and to participate in the global ascension of the human race. The questions are: What can we expect during this time of planetary changes? How can we create a heaven on earth? Is it possible to expand our consciousness to higher dimensions and plans, such as inter-dimensional communication with those in afterlife—beyond death? These and many more questions are addressed in this book, which focus on the next step in the human ascension and evolutionary cycle.
