The stories of the Jewish community of North Minneapolis are an important part of the rich and diverse mosaic of North Minneapolis history. By 1936, there were more than 16,000 Jews in Minneapolis, and 70 percent of them lived on the North Side. The Jewish Community of North Minneapolis presents an intriguing record of the earliest beginnings of Jewish communities in the city. Through the medium of historic photographs, this book captures the cultural, economic, political, and social history of this community, from the late 1800s to the present day. The Jews in North Minneapolis enjoyed a busy social and cultural life with their landsmanschaften, and shopped together at the kosher butcher shops and fish markets, grocery stores and bakeries, clothing stores, barber shops, restaurants, and other small businesses that had sprung up along Sixth Avenue North and then Plymouth Avenue. Including vintage images and tales of the community-Hebrew schools, synagogues, and social groups-this collection uncovers the challenges and triumphs of the Jewish community.

“Know your own happiness. You want nothing but patience - or give it a more fascinating name, call it hope.” — Jane Austen, *Sense and Sensibility* Just a few years after their father's business scandal shatters their lives, Jane and Celia Woodward find themselves forced out of their San Francisco tea shop. The last thing Jane wants is to leave their beloved shop on Valencia Street, but when Celia insists on a move to Austin, Texas, the sisters pack up their kid sister Margot and Jane's tea plants, determined to start over yet again. But life in Austin isn't all sweet tea and breakfast tacos. Their unusual living situation is challenging and unspoken words begin to fester between Jane and Celia. When Jane meets and falls for up-and-coming musician Sean Willis, the chasm grows deeper. While Sean seems to charm everyone in his path, one person is immune — retired Marine Captain Callum Beckett. Callum never meant to leave the military, but the twin losses of his father and his left leg have returned him to the place he least expected—Texas. In this modern spin on the Austen classic, *Sense and Sensibility*, the Woodward sisters must contend with new ingredients in unfamiliar kitchens, a dash of heartbreak, and the fragile hope that maybe home isn't so far away.

Antioxidant use in health promotion and disease prevention either through dietary intake or supplementation is controversial. This book reviews the latest evidence-based research in the area, principally through prospective cohort studies and randomized controlled trials. It assesses major dietary antioxidants and discusses their use in diseases such as cancer, diabetes, stroke, coronary heart disease, HIV/AIDS, and neurodegenerative and immune diseases. The use of antioxidants in health is also discussed along with common adverse effects associated with antioxidant use.
