5.0 out of 5 stars Screw 'Erdos Numbers' and 'Bacon numbers', Bertrand Russell knows everyone. Reviewed in the United Kingdom on 19 September 2009. This is an interesting insight into one the 20th century's clearest and sharpest minds. Between his birth in 1872 and his death almost a century later in 1970, he travelled far and wide, his thoughts were broad and deep, and he consistently met, talked, and wrote with a spectrum of interesting people people: from H G Wells to Einstein.

In what is perhaps the most powerful two pages of the book, at the introduction, Russell outlines three primary principles that have motivated him to do what he did in life. In a sense, then, the autobiography provides the reader with comforting answers as to why anybody would wish to live such an amazing life.
