Developed for the International Association for Trauma Surgery and Intensive Care (IATSIC), the Manual of Definitive Surgical Trauma Care 5e is ideal for training all surgeons who encounter major surgical trauma on an infrequent basis. This new edition includes both an e-version, and also a microSD card containing over 20 operative videos. The increasing role of non-operative management (NOM) has been recognised, and the Military Module is substantially updated to reflect recent conflict experience. An expanded section highlights trauma management under austere conditions. Written by faculty who teach the DSTC Course, this definitive and well established book focuses on life-saving surgical techniques to use in challenging and unfamiliar incidents of trauma.

The Vauxhall Nova has taken the car modifying world by storm - with over 600.000 vehicles sold, there are plenty to choose from and no shortage of modifying products available. But are they all equally easy to fit? Will the car be road legal after the transformation? The full colour Haynes Extreme guide to DIY modifying has the answers. Packed with knowledge gained from practical experience, depicted in an easily followed step-by-step photo format.

Haynes has produced a manual suitable for all car modifiers. We've cut, trimmed, sprayed and fitted everything from neons to coilovers. See how it's done and you'll have the confidence to do it yourself too. The money you save on garage bills can be spent on more kit - plus you get the satisfaction only a home-built ride can give.

Increase the power output of your A-Series! This fact-filled guide covers all aspects of engine tuning in detail, including filters, carburation, intake manifolds, cylinder heads, exhaust systems, camshafts, valve trains, blocks, cranks, con rods and pistons, plus lubrication systems and oils, ignition systems, and nitrous oxide injection. Applicable to all A-Series engines, small and big bore types, from 803 to 1275cc.

Thanks to the Haynes Extreme guides to modifying, your car now looks the part, but is its off-the-lights performance a bit lacking? Need advice on all aspects of tuning your engine for more power? The new full-colour Performance Manual has all you need to know. All you'd expect from Haynes is here - good advice, plenty of photos and information on everything from chips to camshafts, gas flowing to NOS kits. Take your car to the next level with the help of the experts in modifying.

The Definitive Guide to SUSE Linux Enterprise Server 12 is a task-oriented book designed for self-study as well as classroom environments, which will also serve you as a reference guide.
